

# Federal Desktop Core Configuration (FDCC)

EPA road to reach Compliance  
with OMB M-07-11

*Getting to Green and Staying There*

## Create an integrated suite of automated security solutions

An opportunity to re-engineer business processes  
to improve both controls and efficiency.

## Getting to Automation

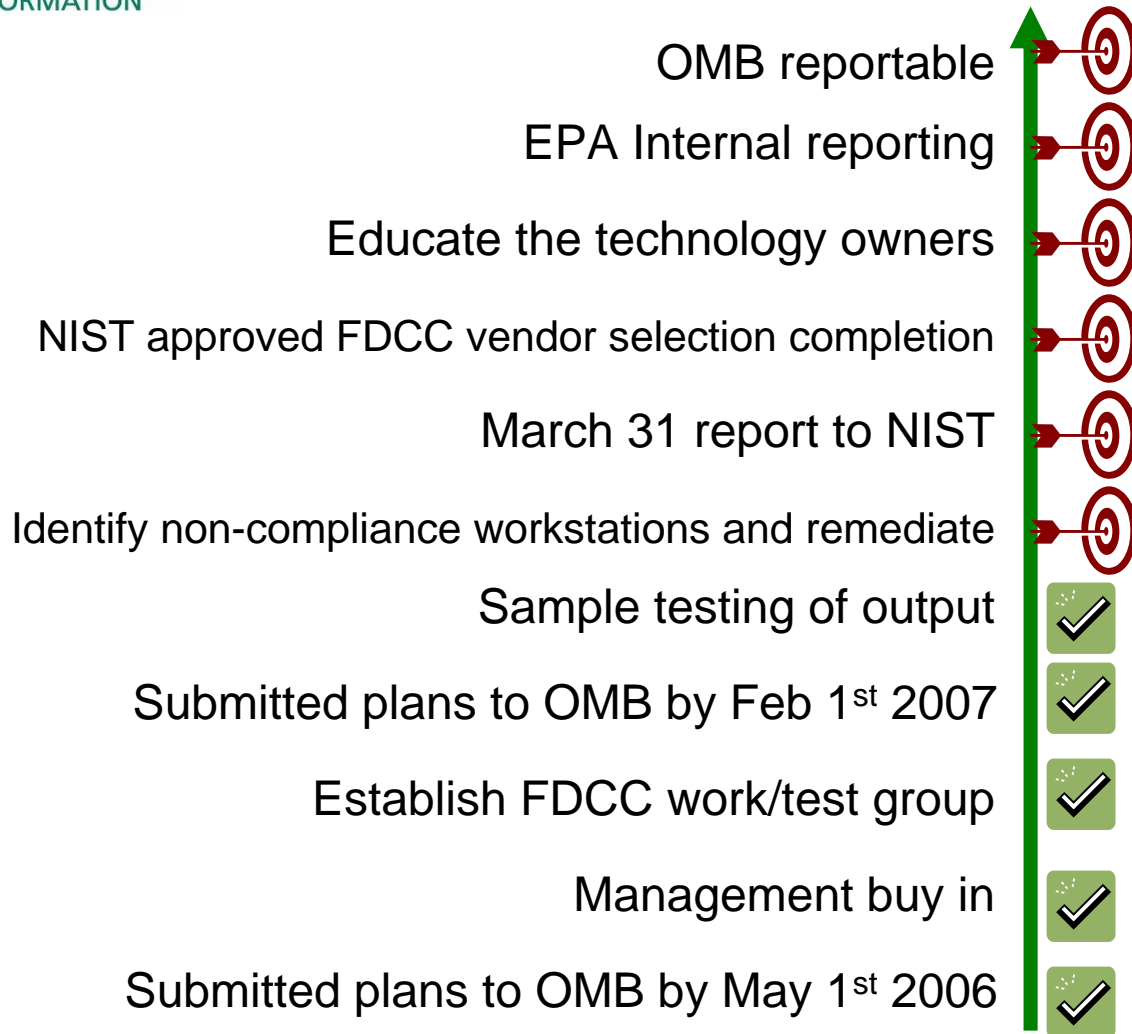

- Purchase per loaded workstation with FDCC settings.
- Use NIST Validated SCAP tool
- AD group policies for those in AD
- Push agent to other than AD.

Patch Management tools
